

From the Desk of
Santa Claus

Ho Ho Ho from the North Pole,

Thank you for writing to me. I loved reading your letter this year.

I am so proud of you for being good all year long! Right now, I am super busy making all the toys for the good girls and boys. The elves are a huge help and they have been doing a wonderful job getting everything ready.

Mrs. Claus and I are also busy getting the reindeer ready & fit to fly around the world.

Keep being a great kid so you can stay on the Nice List. I look forward to dropping off something special for you soon.

Have a Merry Christmas!

Santa

P.S. Don't forget to put out the Milk & Cookies
